Italy's Divided Memory Jan 30 2020 This book argues that contemporary Italian history has been marked by a tendency towards

divided memory. Events have been interpreted in contrasting ways, and the facts themselves often contested. Moreover, with so little agreement over what happened, and why it happened, it has been extremely difficult to create any consensus around memory. These divisions have been seen at all levels, but take on particular importance when linked to the great traumatic and life-changing events of the Twentieth century - war, terrorism, disaster - but can also be applied to more cultural fields such as sport and everyday life. Social change also has an impact on memory. This book will take the form of a voyage through Italy (and into Italy's past), looking at stories of divided memory over various periods in the twentieth century. These stories will be interwoven with analysis and discussion.

Il segreto di Piazza Fontana Nov 02 2022 12 dicembre 1969, il nostro venerdì nero. In un Paese che dopo il fascismo e la guerra civile si credeva innocente, quattro esplosioni lacerano il pomeriggio invernale, una a Milano e tre a Roma. Per la più grave, alla Banca nazionale dell'agricoltura di piazza Fontana a Milano, moriranno in diciassette. I feriti sono in tutto centocinque. Comincia la strategia della tensione, comincia la stagione dei sotterfugi e delle manipolazioni, della corruzione e dei soprusi: la stagione che dura ancora oggi. Leggete, leggete questo libro. La sua serietà, la sua passione per la verità - in un Paese in cui questi sono pregi rari - ha portato l'autore a indagare per dieci anni e a penetrare la cortina di acciaio di un segreto coltivato da tutte le parti politiche. Il segreto indicibile delle doppie bombe, piazzate dagli anarchici e raddoppiate dai fascisti; il segreto delle altre due bombe scomparse e dell'esplosivo utilizzato in quel giorno fatidico; quel che sapeva la DC, quel che sapeva il PCI, quel che sapevano gli USA e la NATO. Un segreto che non salva nessuno. E che spiega anche la tragica morte di Pinelli, Calabresi, Feltrinelli. Dopo troppe assoluzioni, dopo che

con l'ultima sentenza i parenti delle vittime sono stati condannati a risarcire le spese processuali, il nostro Pasticciaccio finalmente si sbroglia, in un libro che riserva tanti colpi di scena quante sono le sue pagine. Un libro che, ci auguriamo e crediamo, contribuirà a riscrivere un pezzo della storia d'Italia: perché l'Italia merita, oggi, una storia migliore.

The History of Contemporary Italy 1943-2019 Oct 28 2019 This book offers a history of contemporary Italy from the collapse of Mussolini to the present, placing this major Euro-Mediterranean country in a wider geo-political perspective. It examines how Italian history and politics developed in relation to - and were shaped by - the international context, from the Cold War and NATO to the European integration process and the global challenges of 1989. Umberto Gentiloni Silveri highlights all major events, structural limits, contradictions and conflicts influencing Italian democracy and the political system until today. He explores the continuous tension between 'stabilization' and 'conflict', between the promise of an innovative and evolutionary representative democracy on the one hand and the constraints of a political system conditioned by structural limits and old contradictions on the other.

Making Sense of Proxy Wars Dec 23 2021 Public debate over surrogate forces and proxy warfare has been largely dormant since the end of the Cold War. The conventional wisdom has been that with the end of the U.S.- Soviet rivalry, state sources of support for proxy guerrilla, insurgent, and terrorist organizations dried up, forcing them to look to criminal activity to survive and precipitating the growth of dangerously independent and well-resourced militants, mercenaries, and warlords. But in the few years since 2001, a wide range of issues raised to prominence by wars in Iraq, Afghanistan, and elsewhere suggest that armed proxies, and the forces that drive and shape their use, are part of a larger dynamic. From the legacies of the wars in the Balkans, Afghanistan, and Kashmir, to the growth of privatized security and military companies, and to increased reliance on intermediaries of all

kinds, these surrogate forces bear further study. *Making Sense of Proxy Wars* is the first book to seriously challenge Cold War assumptions about terrorism and proxy warfare, offering an alternative view of armed surrogates—whether they are private armies, indigenous militias, or unwilling victims—as complex, selfinterested actors on the international stage.

Il quarto segreto di Fatima Aug 19 2021 'Il 13 maggio del 2000 il Vaticano svela al mondo il Terzo segreto di Fatima: la visione di un vescovo vestito di bianco che sale in mezzo ai cadaveri verso una croce, ai piedi della quale è ucciso da alcuni soldati. Il contenuto dell'attesa rivelazione, interpretata come profezia dell'attentato subito da papa Giovanni Paolo II il 13 maggio del 1981, genera tuttavia perplessità e dubbi in parte dei fedeli e degli osservatori. Per quale motivo tenere nascosto per tanto tempo un messaggio legato a un evento già accaduto? E come spiegare il silenzio e l'isolamento imposti a suor Lucia fin dal 1960? Si fa strada, nelle pagine di articoli e pubblicazioni, l'ipotesi che una parte del segreto, la parte principale, non sia stata resa pubblica perché troppo sconvolgente. In questo appassionante saggio di inchiesta, Antonio Socci ripercorre le dichiarazioni, i testi, le contraddizioni legati a una delle vicende più misteriose del Ventesimo secolo e propone la sua ipotesi sul "quarto" segreto di Fatima.'

The Reception of Charles Dickens in Europe Jul 06 2020 The Reception of Charles Dickens in Europe offers a full historical survey of Dickens's reception in all the major European countries and many of the smaller ones, filling a major gap in Dickens scholarship, which has by and large neglected Dickens's fortunes in Europe, and his impact on major European authors and movements. Essays by leading international critics and translators give full attention to cultural changes and fashions, such as the decline of Dickens's fortunes at the end of the nineteenth century in the period of Naturalism and Aestheticism, and the subsequent

upswing in the period of Modernism, in part as a consequence of the rise of film in the era of Chaplin and Eisenstein. It will also offer accounts of Dickens's reception in periods of political upheaval and revolution such as during the communist era in Eastern Europe or under fascism in Germany and Italy in particular.

Alcuni episodi Mar 02 2020 La convinzione che il lavoro dello storico debba assolvere una irrinunciabile, salvifica funzione etico-civile non è certo rara nell'Accademia. Il filo rosso che attraversa i saggi riprodotti nel volume rimanda invece a un'altra concezione del lavoro storico, probabilmente minoritaria tra gli addetti ai lavori ma non per questo, riteniamo, meno legittima, concezione che rifiuta l'idea che l'attività di ricerca debba prefiggersi obiettivi extrascientifici. Secondo tale concezione, lo storico, nell'esercizio della sua professione, deve ripudiare ogni torsione funzionalista e strumentale della ricerca, ogni suggestione etico-pedagogica. Deve respingere ogni blandizia e lusinga provenienti da chi gli volesse commissionare compiti terapeutici, di rigenerazione e legittimazione di sistemi politico-istituzionali. Lo storico, se veramente tale, non deve partecipare, a parer nostro, ad alcun processo di nation building. Né costruttore di identità né dispensatore di virtù civiche, deve anzi correre il rischio che il proprio lavoro possa rivelare una contraddizione, insanabile, tra le esigenze della professione storica e i doveri civici discendenti dall'appartenenza a una comune cittadinanza.

Cronologia civile e ecclesiastica di Piazza e dintorni Oct 21 2021 Su Piazza Armerina sono stati scritti molti libri, in varie epoche e di diverso spessore storico ed ecclesiastico. Ogni libro ha cercato di ampliare e/o

completare quello che il precedente aveva lasciato in sospeso, toccando temi che il più delle volte avrebbero lasciato il lettore con più di un legittimo interrogativo. In questa trattazione l'autore si è "limitato" a raccogliere quante più notizie storiche della propria città e, fissandole bene nel contesto storico-geografico regionale ed oltre, ha cercato di eliminare, il più possibile, facili e atavici equivoci. Questo attento lavoro è stato condotto per la prima volta in maniera cronologica che, attraverso un indice completo e preciso, rende agevole la ricostruzione storica dell'argomento che più incuriosisce ed appassiona, permettendo a chiunque un affascinante viaggio nelle proprie tradizioni ed origini. Gaetano Masuzzo nasce nel 1953 a Piazza Armerina (EN). Insegnante negli Istituti Superiori e Inferiori della sua città, è uno studioso appassionato e attento di storia locale. L'ebook "Cronologia civile e ecclesiastica di Piazza e dintorni" è frutto di lunghi anni di studio, indagini storiche e intense letture: spicca sia per l'accuratezza storica che per la fluidità del testo che lo rende un straordinario compendio divulgativo sulla nota e importante città siciliana.

The Dual State May 28 2022 This volume presents a practical demonstration of the relevance of Carl Schmitt's thought to parapolitical studies, arguing that his constitutional theory is the one best suited to investing the 'deep state' with intellectual and doctrinal coherence. Critiquing Schmitt's work from a variety of intellectual perspectives, the chapters discuss current parapolitical reality within the domain of criminology, the parapolitical nature of both the dual state and the national security state corporate complex. Using the USA as a prime example of the world's current dual or 'deep political state', the criminogenic dimensions of the parapolitical systems of post 9/11 America are discussed. Using case studies, the dual state is examined as the causal factor of inexplicable parapolitical events within both the developed and developing world, including Sweden, Canada, Italy, Turkey, and Africa.

The Darkest Sides of Politics, II Jan 24 2022 This book examines a wide array of phenomena that arguably constitute the most noxious, extreme, terrifying, murderous, secretive, authoritarian, and/or anti-

democratic aspects of national and international politics. Scholars should not ignore these "dark sides" of politics, however unpleasant they may be, since they influence the world in a multitude of harmful ways. The second volume in this two-volume collection focuses primarily on assorted religious extremists, including apocalyptic millenarian cults, Islamists, and jihadist terrorist networks, as well as CBRN (chemical, biological, radiological, and nuclear) terrorism and the supposedly new "nexus" between organized criminal and extremist groups employing terrorist operational techniques. A range of global case studies are included, most of which focus on the lesser known activities of certain religious extremist milieus. This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics.

The Darkest Sides of Politics, I Jul 30 2022 This book examines a wide array of phenomena that arguably constitute the most noxious, extreme, terrifying, murderous, secretive, authoritarian, and/or anti-democratic aspects of national and international politics. Scholars should not ignore these "dark sides" of politics, however unpleasant they may be, since they influence the world in a multitude of harmful ways. The first volume in this two-volume collection focuses on the history of underground neo-fascist networks in the post-World War II era; neo-fascist paramilitary and terrorist groups operating in Europe and Latin America in the 1960s and 1970s; and the manipulation of those and other terrorist organizations by the security forces of various states, both authoritarian and democratic. A range of global case studies are included, all of which focus on the lesser known activities of certain secular extremist milieus. This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics.

Nationalism and Terror Mar 26 2022 This book covers the full story of the Ustasha, a fascist movement in Croatia, from its historic roots to its downfall. The authors address key questions: In what international context did Ustasha terrorism grow and develop? How did this movement rise to power, and then exterminate hundreds of thousands of innocents? Who was Ante Pavelić, its leader? Was he a shrewd politician, able to exploit for his independent project Mussolini's imperial ambitions, Hitler's pan-German aims, and the anti-Bolshevism of the Holy See and the Western bloc? Or was he, consciously or not, a pawn in other hands, in a complex international scenario where Croatia was only arena among many? And after the movement's collapse, how were several of the most prominent Ustasha leaders able to evade capture by Tito's victorious army? The book places the appearance of the Ustasha movement not only in the context of the interwar Kingdom of Yugoslavia but also in the wider perspective of the emergence of European fascism.

Post-Conflict Performance, Film and Visual Arts Feb 22 2022 Drawing on a range of cities and conflicts from Europe, Africa and the Middle East, the collection explores the post-conflict condition as it is lived and expressed in modern cities such as Berlin, Belfast, Bilbao, Beirut, Derry, Skopje, Sarajevo, Tunis, Johannesburg and Harare. Post-Conflict Performance, Film and Visual Arts: Cities of Memory investigates how the memory of conflict can be inscribed in historical monuments, human bodies and hermeneutic acts of mapping, traversing, representing, and performing the city. Several essays explore the relations between memory, history and urban space; where memory is located and how it is narrated, as well as various aspects of embodied memory; testimonial memory; traumatic memory; counter-memory; false memory; post-memory. Other essays examine the representations of post-war cities and how cultural imaginations relate to the politics of reconstruction in places devastated by protracted urban warfare. Post-Conflict Performance, Film and Visual Arts: Cities of Memory offers a comparative survey of the complex and often controversial encounters between public art, political memory and commemoration in divided societies, as well as offering insights into the political and ethical

difficulties of balancing the dynamics of forgetting and remembering.

A Transitory Star Oct 09 2020 Examining Bernini's works from 1665 on, from Paris and Rome, this book demonstrates the wealth of material still to be drawn from close visual and material examination, archival research, and comparative textual analysis. On the whole, this collection deals with Bernini's position as the leading creator of portraits - in oils, marble, monumental architecture, and metaphor - of some of the most powerful political players of his day. These studies speak to the growing distance of Gallic absolutism from the fading dreams of papal hegemony over Europe, and to the complexities of Bernini's role as mouthpiece, obstacle, and flatterer of the Princes of the Papal States.

Contemporary Italian Narrative and 1970s Terrorism Aug 07 2020 This book is about literary representations of the both left- and right-wing Italian terrorism of the 1970s by contemporary Italian authors. In offering detailed analyses of the many contemporary novels that have terrorism in either their foreground or background, it offers a "take" on postmodern narrative practices that is alternative to and more positive than the highly critical assessment of Italian postmodernism that has characterized some sectors of current Italian literary criticism. It explores how contemporary Italian writers have developed narrative strategies that enable them to represent the fraught experience of Italian terrorism in the 1970s. In its conclusions, the book suggests that to meet the challenge of representation posed by terrorism fiction rather than

fact is the writer's best friend and most effective tool.

The Dark Heart of Italy Jun 16 2021 An essential guide to the strange, sometimes sinister culture of contemporary Italy. In 1999 Tobias Jones travelled to Italy, expecting to discover the pastoral bliss described by centuries of foreign visitors and famous writers. Instead, he discovered a very different country, besieged by unfathomable terrorism and deep-seated paranoia, where crime is scarcely ever met with punishment. Now, in this fascinating travelogue, Jones explores not just Italy's familiar delights (art, climate, cuisine), but the livelier and stranger sides of the bel paese: language, football, Catholicism, cinema, television and terrorism. Why, he wonders, do bombs still explode every time politics start getting serious? Why does everyone urge him to go home as soon as possible, saying that Italy is a 'brothel'? And why do people warn him that 'Clean Hands' only disguise 'Dirty Feet'?

Investigating Italy's Past through Historical Crime Fiction, Films, and TV Series Apr 26 2022 This book is the first monograph in English that comprehensively examines the ways in which Italian historical crime novels, TV series, and films have become a means to intervene in the social and political changes of the country. This study explores the ways in which fictional representations of the past mirror contemporaneous anxieties within Italian society in the work of writers such as Leonardo Sciascia, Andrea Camilleri, Carlo Lucarelli, Francesco Guccini, Lorianò

Macchiavelli, Marcello Fois, Maurizio De Giovanni, and Giancarlo De Cataldo; film directors such as Elio Petri, Pietro Germi, Michele Placido, and Damiano Damiani; and TV series such as the "Commissario De Luca" series, the "Commissario Nardone" series, and "Romanzo criminale-The series." Providing the most wide-ranging examination of this sub-genre in Italy, Barbara Pezzotti places works set in the Risorgimento, WWII, and the Years of Lead in the larger social and political context of contemporary Italy.

Evaluating Counterterrorism Performance Sep 19 2021 This book offers a new model for measuring the success and impact of counterterrorism strategies, using four comparative historical case studies. It focuses on the impact of counterterrorist measures by introducing the concept of the performative power of counterterrorism : the extent to which governments mobilize public and political support - thereby sometimes even unwittingly assisting terrorists in creating social drama. The concept is applied to counterterrorism in the Netherlands, Italy, the Federal Republic of Germany and the United States in the 1970s. Based on case study research using primary sources and interviews with counterterrorist officials and radicals, a correlation is established between a low level of performative power and a decline of terrorist incidents. This is explored in terms of the link between social drama (as

enhanced by counterterrorist measures) and ongoing radicalization processes. The book demonstrates that an increase in visible and intrusive counterterrorist measures does not automatically lead to a more effective form of counterterrorism. In the open democracies of the west, not transforming counterterrorism into a performance of power and repression is at least as important as counterterrorism measures themselves.

Imagining Terrorism May 04 2020 No other European country experienced the disruption of political and everyday life suffered by Italy in the so-called 'years of lead' (1969-c.1983), when there were more than 12,000 incidents of terrorist violence. This experience affected all aspects of Italian cultural life, shaping political, judicial and everyday language as well as artistic representation of every kind. In this innovative and broad-ranging study, experts from the fields of philosophy, history, media, law, cinema, theatre and literary studies trace how the experience and legacies of terrorism have determined the form and content of Italian cultural production and shaped the country's way of thinking about such events?
