Normally my guides feature just one spa, one hotel, one sight, one restaurant... because when I used to get really burnt out in my old job I couldn't handle checking out all the options and booking everything. I just wanted someone to give me the answers. So that's what my guides normally do... However I live in London, and as it is one of the most multicultural environments in the world, with an incredible selection of spas and places to relax and get a massage (including the fish spa) as well as home to some of the finest spas in the whole world, well this guide had to include more than one. Every spa in this guide comes with my personal recommendation, and if they're not quite perfect I'll tell you about that too so you can pick the spa that's right for you, right now. Sex is a popular topic. We think about it, read about it, talk about it, hear about it, and want more of it, but in our on-the-go society we hardly ever take the time to actually have it! From a single bunch of grapes to a sensual feast complete with expert wine pairings, learn how to tap into your own percolating primal urges--and those of your partner. Tease and please yourself, and your partner, with aphrodisiacs to eat and drink, erotic body products, spas, games, music, and more. From "Erotic Foods" "On a recent research mission, I had a food orgasm

with Argentinean beef. Freshly embarked on the "MS Silver Wind" and craving comfort food after a long flight and a bad meal in Rio, I ordered a cheeseburger to my cabin. One bite had me oohing, ahing, and moaning so much that my new neighbors leaned over their balconies to see what was going on." Everyone yearns for "la dolce vita," the sweet life. grape goddess Catherine Fallis demystifies, clarifies, and charts out a course for immediate results--a richer, more visceral, sensually charged daily life. *The Bucket List: A Straight Erotic Short Story in 3700 Words. Caution! Adult content. 18+*It all starts with a stupid New Year's resolution, when Mary decides that it's about time to get over her ex. She is willing to kiss the first stranger she spots at the spa, hoping to ignite that spark once more. But she is in for a surprise and gets more than what she bargained for at midnight. Have you ever felt as if you were unable to live without something, not even knowing what it was? Right now, this scent makes me feel that way. I want to know where it is coming from. And yet I'm afraid to turn, because then I might realize that I'm only dreaming, and this heavenly sensation that got all my nerves on edge is but a fantasy. Besides, it must be some kind of a cologne, and as such, it belongs to a person. A male, most probably. And if his smell has such an effect on me, I don't even want to imagine what he could make me feel (or do). And as far as I can tell, most people are here with their partners anyway. Skinny ones, none-the-less. Not that I have a problem with my curves, but looking at them makes me feel uncomfortable. It makes me remember what I saw on my ex-favourite sofa, the way Greg was pumping my skinny best friend. I let out a sigh as the scent becomes stronger and is accompanied by a strange sound. It takes me a few seconds to realize that someone is clearing his throat. Most probably the owner of the heavenly cologne. I let out another sigh, which probably makes me seem like an idiot. Oh, well. I guess I have to turn now, but I glance at the clock once more, just to make sure that I don't have to fulfil my promise just yet. I relax a bit, realizing that I still have two minutes till midnight. I glance to my right, and my heart skips a beat as I notice you. Your questioning eyes explore my flushed face, and I inhale sharply, as your gaze travels down my chest. I couldn't be more glad that my bottom part is under the water, but the thought also makes me realize that I'm only wearing a tiny blue bikini. Oh, how much I wish that I chose something that would cover my stomach up, because I'm certain that you can see my butterflies moving around inside. I haven't seen you since... Yeah, that's right, since I met Greg. I was once madly in love with you, although you never knew. I'm not sure you do now, or whether you ever felt the same. I was too much of a coward back then, but I'm not sure I'm any braver now, especially because my time is running out. Because I made a New Year's resolution. I couldn't have known that you will be here, next to me. Alone. My heart beats fast, too fast for my liking. You don't say a word, neither do I. I faintly hear the countdown start.

Ten...Oh my god, this is too quick. Nine...Your hair sticking to your face. I can't see the natural blond highlights in the brown, it's so wet. Eight...Your gorgeous blue eyes sparkling in the dim light. Seven...Are they really this blue, or they are just reflecting the water? Six...And those lips... The ones I'm about to... No, this is too much... Five...And those muscles, the way I imagined them holding me so many times... Four...I suddenly wish that I stayed at home, this is such a bad idea... Three...You lean closer... You do what?! Two...A small smile appears on your lips... One...I close my eyes, knowing that there is no turning back now... "Happy New Year everyone!" Everything happens so fast. The shouts and screams, the clinking of champagne flutes, people hugging, kissing. Our lips meeting for the first time. My timid attempt at pulling away. But you won't let me. I panic, thinking that this is going way too fast, but you hold me close and my tension slowly begins to fade. Damn, you are a good kisser. I deepen the kiss, although not sure why. You don't object, on the contrary. You pull me closer, and I inhale your heavenly scent. I'm getting wetter and wetter the deeper we kiss... Meet Mr Saturday...in *Working Girl: Part 6. A sexy new serial, perfect for fans of Audrey Carlan's Calendar Girl. A sexy seven-day job interview. Seven irresistible interviewers. Tess has been determined to get revenge for her father, ever since he was falsely accused of misusing company funds and unceremoniously let go from Diamond Enterprises. Southern California. Today. Jewels Martin . . . Beneath the stylish clothes, the flowing hair, and the beautiful lean body beats the heart of a tiger. And on rare special occasions, she'd let the tiger out of its cage. Today was one of those days. "I'm Jewels," she said, gracefully closing the distance between them and extending her hand. Taking it, he offered, "I'm Todd Windham." She liked what she saw. He had clear eyes, a firm jaw, and was clean shaven. He was slightly greying but had a full head of neatly trimmed hair - early fifties, slight build, almost athletic looking. She smiled as their eyes met, thinking to herself this might be fun. Innocence, passion, and betrayal . . . Having paid a precious price, the elites now know it requires considerably more than just having the president's DNA on a blue dress. An expensive lesson they will never forget, nor ever repeat. A story of manipulation, wealth, power, and sex. The oldest profession in the world elevated to new heights; alive and well just below the surface, from the streets of Newport Beach to the hallowed halls of the White House itself. With organized escort services subtly working the waterfront, the NBPD has its hands full. But it's not until the FBI shows up that things take an unexpected turn, with the very foundation of America's financial system hanging in the balance, as layer after layer of The Spa is unveiled. To say

the business of pleasure is alive and flourishing would be an understatement. Normalcy bias makes this scenario inconceivable, and even though the facts are all there in the history books, perhaps shrouded through the mists of time, but none-the-less available for anyone to read. Knowledge is one thing, as is power, money and sexuality. It is what one does with them that determines one's destiny. Everyone's an exhibitionist in disguise... When lonely divorcée Jade seeks to broaden her horizons, she's invited to a private dinner event which promises to stimulate all of her senses. Wearing nothing but masquerade masks, dinner guests receive special service under the table while their fellow diners look on. Intrigued, Jade books an appointment and on the scheduled date drives to a private countryside villa. Greeted by a stunning nude hostess, she's escorted to a personal spa where she receives an erotic massage in preparation for the main event. By the time dinner is set to begin, Jade is already at a fever pitch of excitement. During the feast, she watches with increasing arousal as an exotic mix of naked men and women are serviced by mysterious sensualists. When her turn finally arrives, Jade is aching in anticipation of what surprises lie in wait while eight strangers watch her have the erotic experience of her life... Jade's Erotic Adventures: Jade's Erotic Adventures is a series of stories following the adventures of recent divorcée Jade, who embarks on a journey of sexual reawakening when her passionless marriage dissolves. Looking to expand her sexual horizons, she experiences one exciting escapade after another with a bevy of new (male, female, and transgender) partners. You may scream once in a while; she can get a little rough. You may sigh occasionally, too, because there is poignancy in these tales-as when Ellen runs by the ocean alone, naked, through the warm night. And actually a little sticky with cum, too. The author of two extreme pornographic novels--"Naked Town, Naked Lives" and

"Games Some People Play!"—both praised by readers for their elegant style and erotic energy, now turns to her own life, loves, and lust at a uniformed boarding school in Connecticut, an Ivy League College, and New York City. Nothing is concealed, nothing is 'played down,' and nothing is 'politically correct.' If anything, readers rejoice that the conflict, high-drama, and imagination Melville brings to sex is unsurpassed in erotic literature. She rounds out her accounts of her own increasingly hot sex life with a few stories she has chosen as sexy and hilarious from among those told to her by guys. Energized by her high-octane style, she tells these "inside" stories of a first Ashley Madison date and a trip to the "New Aloha Spa" in erotic detail and with her usual wacky, wild perspective. These treats are supplemented by a handful of poems, since Melville is an accomplished poet, in which she turns her talents to raunchy, galloping, laugh-aloud ballads of bawdiness. With Melville, you won't be leaving--and you probably can't miss coming. And the laughs make you plain delighted at how amazing life can be! Great Spa Escapes sets out to discover the very best of what is on offer in every corner of the world. It does the groundwork for the time-poor and careworn, examining the spas, their environment, their setting, their ambience, their architecture, their food, and their therapies, showing the way to the Great Escapes for pampered bodies and carefree minds. Seven years ago I had a traditional massage in Morocco and felt the deep physical, mental and spiritual healing that can come from a great treatment. I started researching massages and spas, particularly traditional treatments from around the world; I travelled to China, Japan, Mexico, Iceland, Tuscany and tried ancient treatments in central London, then I started writing about them so that others could benefit from this research. In 2016 I experienced the most powerful healing yet, in a Native American spa in Arizona. It's all in this book. Was the healing all down to this one incredible treatment, or was it the cumulative effect of years of exploration? I don't know, but wherever you want to start, this guide to over 300 different massages and spa terms will help you plan your healing journey. Belly Button and Other Lush Stories is a compilation of six romantic and erotic confessions. Included is an introduction to the Erotic Novella The O Spa. Be Warned: This book is Not Your Daughter's Romance! This spa gives new meaning to the term facials and massages... When Jade's best friend invites her to a private women's spa, she gets more than they bargained for. Starting with a relaxing couples massage, the two girls are shocked when they're greeted by two nude masseuses. But it's not until they get to the rooftop pool that they realize this spa is much more than a typical rejuvenation center. With beautiful naked women parading in and out of the water, it's a feast for their eyes. Becoming increasingly aroused by the sight of everyone's dripping bodies, Jade heads to the sauna to try to relax. But when she finds a pretty African-American girl lounging in a provocative pose, one thing leads to another, and before long the girls are enjoying a private tryst in the hot steam room. Join Jade as more and more of the members become entwined in increasingly decadent encounters moving from one area of

the spa to the next... Create a blissful spa experience . . . at home! Sumptuous spa treatments don't have to cost a fortune when you follow the simple techniques in Home Spa . Full of "scentuous" ways to cleanse, energize, and relax, this book is perfect for you if you want to improve your overall health and well-being. Indulge in an aromatherapy foot soak, an aromatic shower, and much more! With Judith White's practical tips, it's effortless to create the ideal spa experience and pamper yourself in the comfort of your own home. When we talk about escapes people think of travel or spa breaks, and there are plenty of those here, along with some more unusual ways to feel alive. The Grand Spas of Central Europe leads readers on an irresistible tour through the grand spa towns of Central Europe—fabled places like Baden-Baden, Bad Ems, Bad Gastein, Karlsbad, and Marienbad. Noted historian David Clay Large follows the grand spa story from Greco-Roman antiquity to the present, focusing especially on the years between the French Revolution and World War II, a period in which the major Central European Kurorte (“cure-towns”) reached their peak of influence and then slipped into decline. Written with verve and affection, the book explores the grand spa towns, which in their prime were an equivalent of today's major medical centers, rehab retreats, golf resorts, conference complexes, fashion shows, music festivals, and sexual hideaways—all rolled into one. Conventional medicine being quite primitive through most of this era, people went to the spas in hopes of curing everything from cancer to gout. But often as not “curists” also went to play, to be entertained, and to socialize. In their heyday the grand spas were hotbeds of cultural creativity, true meccas of the arts. High-level politics was another grand spa specialty, with statesmen descending on the Kurorte to negotiate treaties, craft alliances, and plan wars. This military scheming was just one aspect of a darker side to the grand spa story, one rife with nationalistic rivalries, ethnic hatred, and racial prejudice. The grand spas, it turns out, were microcosms of changing sociopolitical realities—not at all the “timeless” oases of harmony they often claimed to be. The Grand Spas of Central Europe holds up a gilt-framed but clear-eyed mirror to the ever-changing face of European society—dimples, warts, and all.
